FOREWORD

Taking shape before the Carterite's watchful eye is an annual carnival of color, fun, gaiety, excitement, and hard work: The color of a variety of classes and teachers, the fun of clubs and assemblies, the gaiety of our personalities and parties, and the excitement of a game well played. You, the Carterite, make the noise and the show, but through it all is the knowledge that only with hard work does any real accomplishment and satisfaction come.

DEDICATION

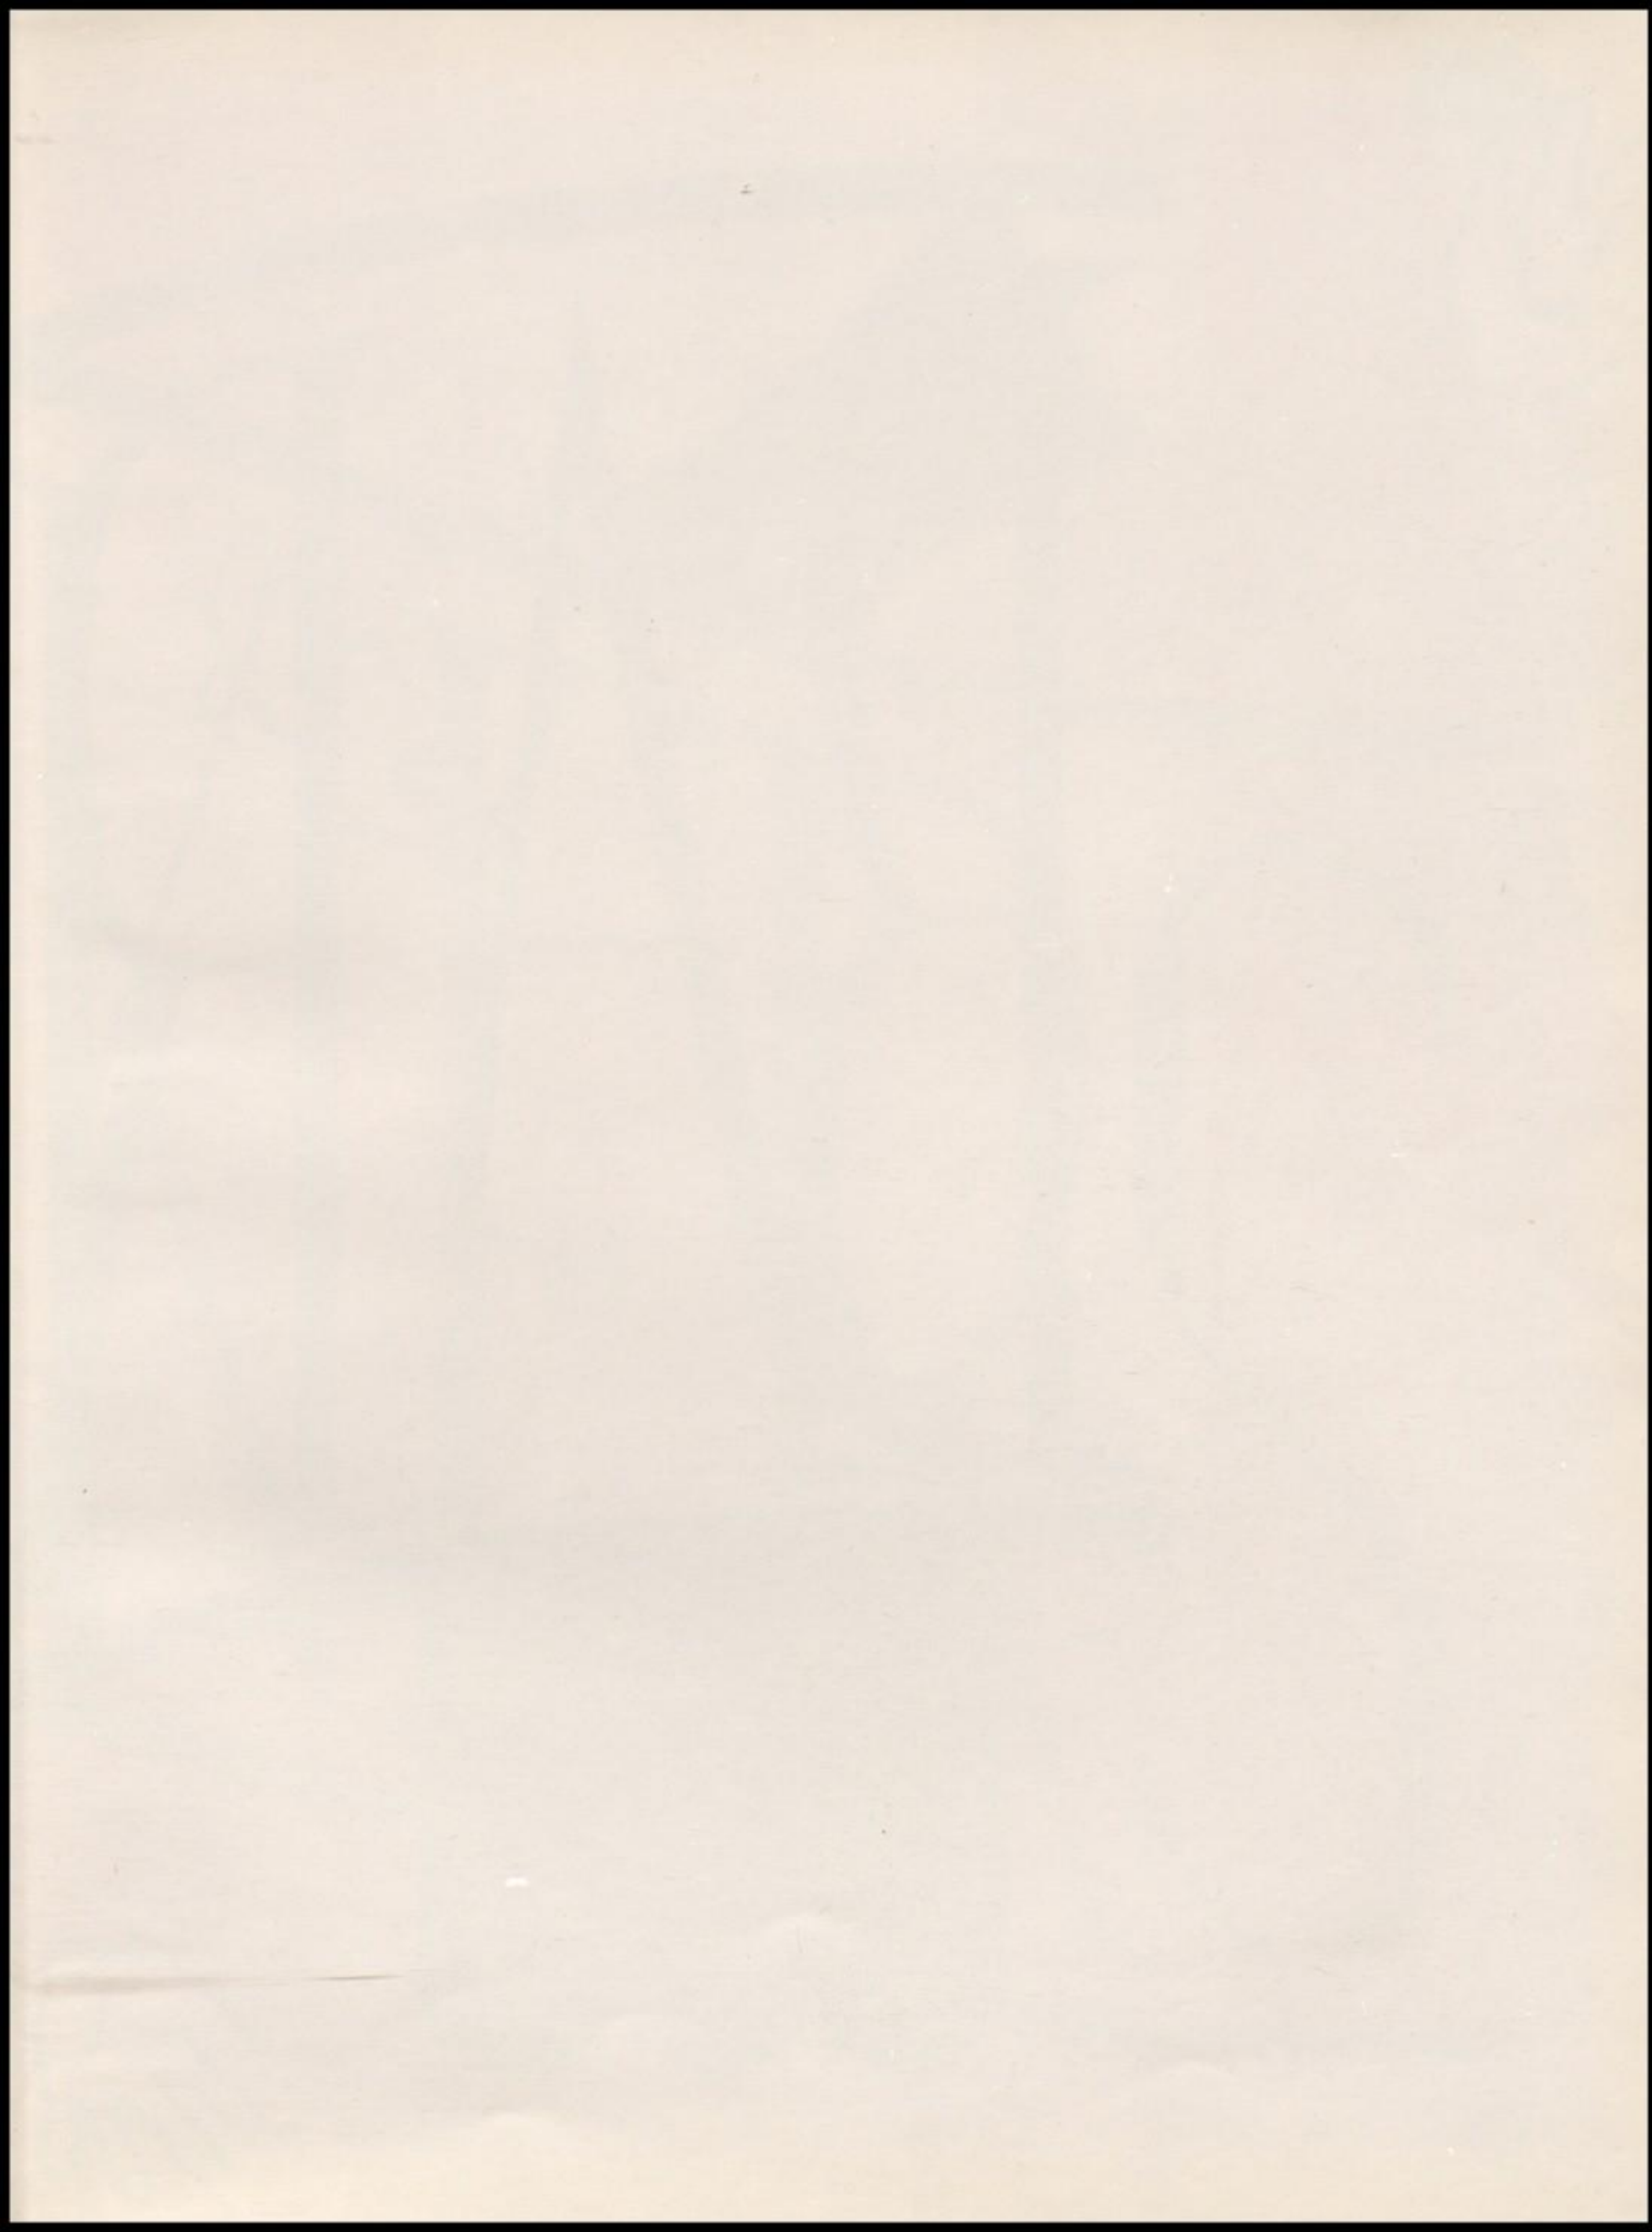

For the past several years, the EAGLE has been sponsored by Miss Verna Berrong. Amon Carter High School would not be complete without her personality and enthusiasm, her teaching and her help in keeping our merry-go-round of activities turning. Because of her sympathetic understanding and in recognition of her able direction of the EAGLE from 1950 through 1956, we, the staff, dedicate the 1957 EAGLE to her.

LINDSAY
Principal

The top 'Barker' of the Carter Carnival is Mr. Hague L. Lindsay, our principal. Organization and administration are his specialties, and it is to his credit that Carter is run so efficiently and smoothly.

Assisting Mr. Lindsay in administrative duties are Mrs. Jeanette Bright, Dean of Girls and Mr. Jerry Sullivan, Vice Principal. Their duties are sometimes disciplinary in nature but two better friends of the student body could not be found.

Indispensable in running our office are Mrs. Hazle Yeary, secretary, and Mrs. Pearl Hukill, registrar. Whether one wanted school supplies or credit information, these two are always ready and willing to help.

Office assistants this year were Page Ramsey, Pat Littlepage, Ann Ball, Georgia Noll, Anne Parker, Frankie Hewett, and Iva Duckworth. Beverly Zinn is not pictured.

"All work and no play
Make Jack a dull boy,
So Mrs. Mattie Mae Solon
Brings her class a little joy."

Mrs. Solon is always both teacher and friend to every one of her many pupils. Not only does one enjoy learning, as Don Cole and Annie Pearl Coffee are doing, but one always enjoys Mrs. Solon as a person. She brings life to English by putting her life into that language.

ENGLISH

Pensive, amused and belligerent are fitting adjectives to describe such a group as one views above. Different moods and expressions adorn the countenance of different people: Janelle Hightower, Maryanna Cluggish, Harold Landers, Davis Hight and Patsy Bourdier.

"Exactness and punctuality
Are what she doth demand;
Her name is Mrs. Dorothy Wehrung
And for her efforts give a hand."

Mrs. Wehrung sets standards and expects those in her classes to meet requirements. However, she still fraternizes with her students as one can readily see by the smile on her face and the grin on the faces of Yale Cason, Jim Lumpkin and Wayne Bailey.

"A stranger might well be startled
On hearing the soft-spoken sounds
Of Spanish so cleverly chortled—
Vocabularies, making the rounds."

All prospective Spanish diplomats
and Venezuelan oilmen can learn
the handy language of Latin Amer-
ica by dropping by room 211 daily
for a year. Mrs. Frances Wieser
will gladly teach all interested people
how to conjugate a Spanish verb or
rumble off a few phrases, just as
she is helping Lewis Marchbanks
and Judy Swenson here.

LANGUAGE

"This language of ancient Rome
Is certainly not very dead
And if some poor person thinks so
Then he's merely 'teched in the
head'."

Although she is also an English
instructor, Miss Eva Craig's pet sub-
ject is Latin, a subject which is a
definite aid to future medical stu-
dents, physics, chemistry and en-
gineering majors and linguists. Miss
Craig often uses charts such as this
one to help her students remember
Latin words.

"Battles and inventions, laws and tariff
Washington, Lincoln, Pershing and Mann
Are taught by Willis and Dixon
along with
Treaties of Paris and Kellogg-Briand."

Whether it be dates, battles, treaties or presidents, Mrs. Georgia Willis and Coach L. H. Dixon teach modern day Carterites of the events which have made America the great and prosperous land of liberty it now is. American History teaches future voters the principles of democracy, government, and responsibility.

These typical classroom scenes depict two atmospheres that must be present for a successful Carter History class — much concentration mixed with a bit of humor. Among the serious at the left is Sharon Phillips and Betty Stewart. Betty Paschal, Johnny Southern, Martha Stanton, W. J. Patrick, Delores Thompson, Nancy Pye, and Betty Rydell see the funny side of things.

"Aha! Does this look like a
World I class so jolly?
No, but chances are it's history
Under discussion, by golly."

World History is the study of prehistoric times to the modern era. Miss Verna Berong points out historical facts from the text to Kenneth Cue, Robert Spellings, and Ronnie Tallant. This subject is required of all Carterites.

HISTORY

Finding time between coaching football and baseball, Mr. Lon Goldstein teaches World History with the same enthusiasm as Miss Bess Flo Pope. Miss Pope is also a counselor and sponsors senior class activities.

"Mathematical subjects, required by
 all,
 Trigonometry, geometry, and alge-
 bra, too,
 Demand much burning of midnight
 oil
 By scores and scores of Carterites
 true."

Misses Katherine Officer and Hor-
 tense Huey show dozens of students
 each day just how to solve for x .
 This pair might even show a willing
 student how to sell tickets to the
 '57 Eagle Side Show if asked. That's
 a stated problem, chum.

MATHEMATICS

Coaches Pierce Scott and Truett
 Cooper, and Mr. P. W. Essig care-
 fully give scholarly boys and girls ba-
 sic rules in algebra, plane and solid
 geometry, and trigonometry for daily
 usage or as a basis for a study of
 higher math.

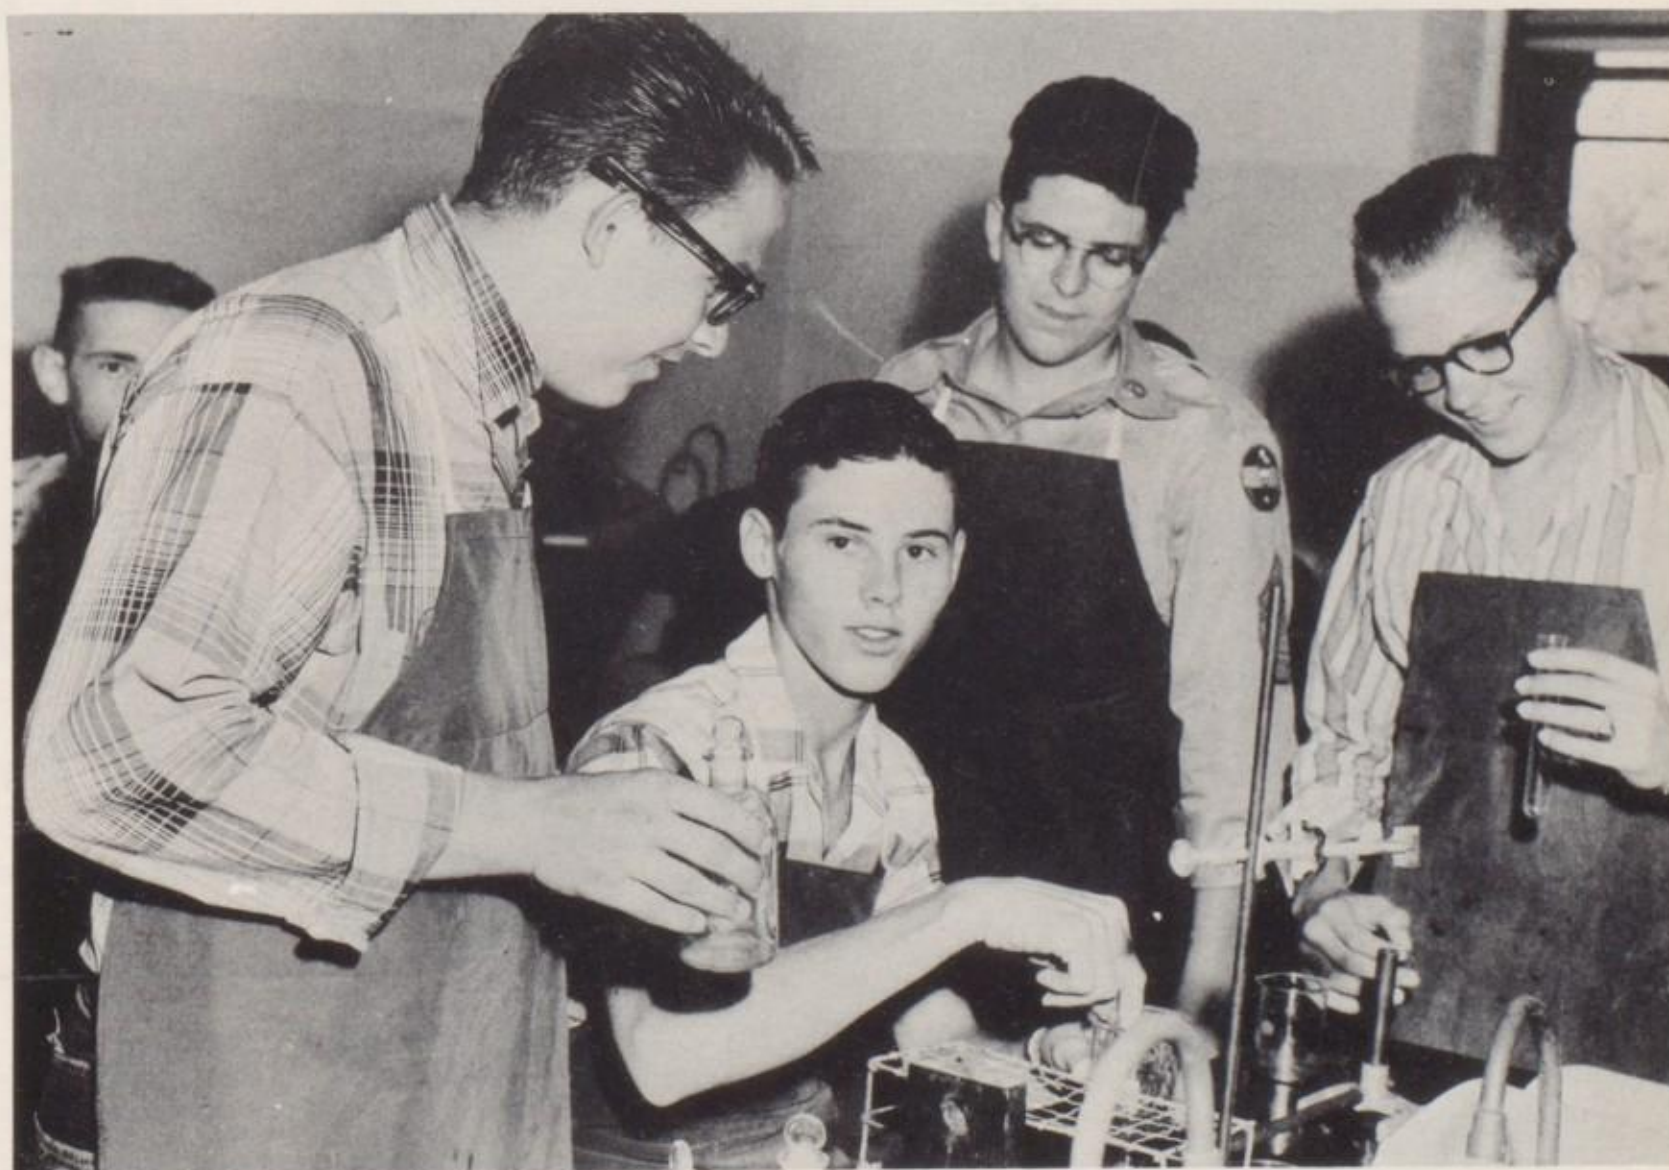

"Scientific profs
Like Gregory and Boyd
Make students hope
Their minds aren't void."

Miss Sadie Mae Gregory and Mr. Neal Boyd instruct scientific-minded pupils at CHS in biology and chemistry, both of which require enlightening experiments. Mr. P. W. Essig joins this science troop by expounding on physics.

Cleaning bottles seems to be a regular chore for Edd Biven and Ernie Hedgecoth in chemistry lab. Billy Huse observes while Danny Trice furnishes more bottles. First, though, they better help Edd get his finger out of that bottle.

SCIENCE

Vegetable, mineral, or animal? These are questions which the Science Club attempts to answer. With the help of Mr. Neal Boyd, sponsor, members presented reports on such things as atomic energy, radio, plants and flowers, and photography.

SPEECH

"Get, not git; just, not jist.
Speak clearly, slow down!
Line check, a cue, don't miss.
Who wants to see Miss Putman
frown?"

In matters of speaking and acting, no one is more qualified to direct our Speech Department than Miss Elizabeth Putman. These smiling seniors—Larry Haygood, Johnny Simons, Sandra Kubitz, and Diana Volentine are receiving some acting instructions. Whether the play is funny or whether the grins on their faces are sheepish is a matter of conjecture.

One of the Speech Department's big projects in the fall is Senior Play. Here fifteen Carterites get together for practice. Climaxing months of work, they presented (in January) a rib-tickling farce, "In Spring, the Sap".

LIBRARY

"Books, bookworms, files, and fines
Are integral parts of a librarian's day.
To Carter's Mrs. Enis just give a sign.
She'll find information for you right
away."

Mrs. Alma Enis stays busy keeping students and books in order in the school library. Her efficiency and dependability make her a first rate librarian, and the library one to find necessary information and to enjoy.

"A fully scheduled day forever greets
This ultra-busy commercial teacher
Because typing, bookkeeping, law and
math
Are her 'show's' daily feature."

The Commercial department offers a variety of elective courses—typing, shorthand, bookkeeping, commercial arithmetic, and commercial law. At left, Mrs. Lucille Parmeter acquaints Betty Brewer with procedures of typing which is the most popular subject chosen in the department.

COMMERCIAL

"Confusing little hieroglyphics
Known as shorthand forms
Plus two years of typing
Are among Mrs. Travis' charms."

Practical courses in shorthand and typing are taught by Mrs. Selma Travis. All commercial subjects give the student necessary office skills which will allow him immediate business employment.

DISTRIBUTIVE EDUCATION

"Teaching young businessmen
The specializing art of selling
Is the context of all those words
Miss Campbell's been yelling."

Need money, training, experience? Then one should see Miss Merle Campbell, the D. E. teacher at Carter. An advantage in taking this subject is that the school day is cut in half. Seriously, though, D. E. requires the student-employee to have plenty of ambition and do lots of hard work.

HOMEMAKING

"Cloth and patterns, thimbles, thread,
Salt and pepper, pastry, baking—
These things Carterites should ne're dread
If homemaking they've been taking."

Sue Ballew, Sandra Richards and Lamond Baker receive cooking instructions from Mrs. Lida Carrico, homemaking teacher. The Culinary Arts are popular classes at Carter and through the year student skills in the subject were demonstrated at invitational breakfasts, lunches, and a Christmas open house.

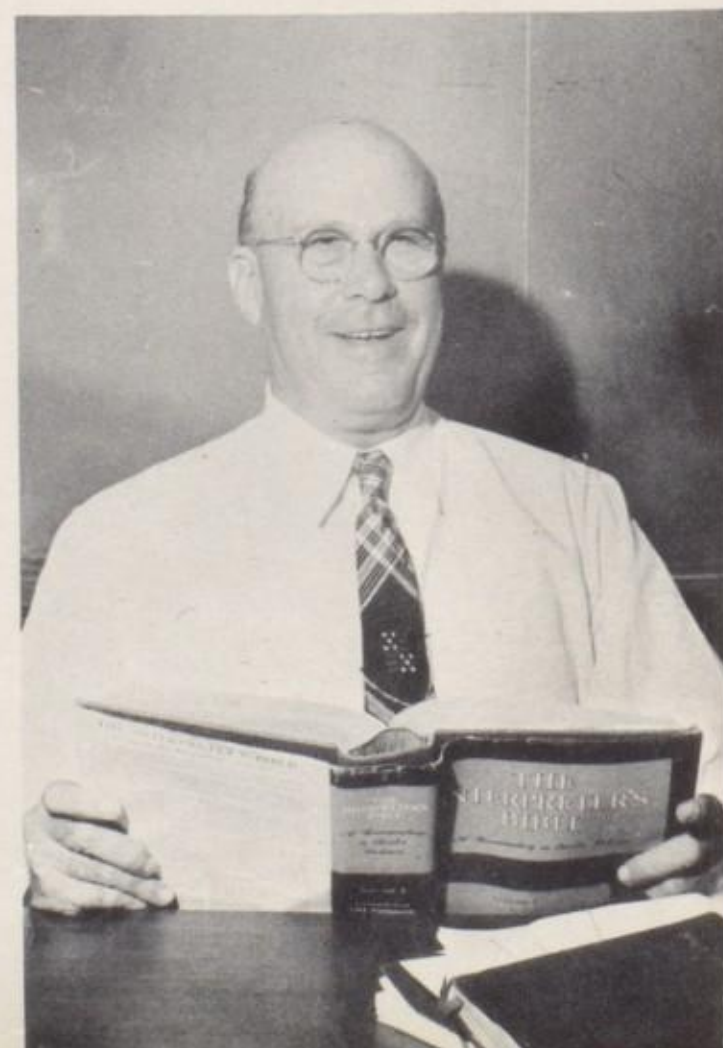

Homemaking also means clothing, and here is a typical busy scene of the stitching in progress. Personal clothing as well as children's clothes are important projects.

BIBLE

"Biblical-minded students at CHS
Learn new facts about men
Such as David, Isaiah, Adam, and John
And about creation, worship, joy and sin."

Students who seek increased knowledge of the Bible meet daily in Room 217. Rev. Floyd W. Thrash, pastor of the Weatherford Street Methodist Church, conducted the class.

INDUSTRIAL ARTS

"Whirr, grinding, perking,
Sanding, drilling, ever, ever,
On some project, always working,
Which someday might be finished?
Never!"

Despite the poetry, many beautiful and useful things are turned out in Shop classes. Bill Danford gets instructions from Mr. Bill Kamenitsa, Wood and Metal Shop instructor.

"T-squares, 45° angles,
Sharp pencils, careful work. . . .
Drawing students with these must
tangle
If in the drawing room they dare lurk."

Mr. Herman Musick directs Carter's popular Mechanical Drawing classes. Here he shows Don Shaver, Frances Kimberling, John Roach, and Jo Ann Argo the intricacies of a three-sided rule.

ART

"Teaching future Van Goghs and Picassos

At Carter is our own Mr. Curry,
But everyone's sympathy to him should
go.

Those Eagle copywriters just wouldn't
hurry."

Pencils, oils, watercolors, crayon and ink along with pottery, plastics, metal and wood are medias used by artistic Carterites in Mr. Ed Curry's third floor art classes. Right, Charlotte Thetford and Roy Russell watch a demonstration on the lapidary.

Mr. Curry also sponsors the Annual.

MUSIC

"Four 'B's, not three
Dominate the musical world;
Beethoven, Bach, Brahms, and bop
Keep all harmony lovers in a whirl."

Harmony between the choral and instrumental sections of the school musical department as well as harmony among the different voices and instruments inside the two departments makes the musical world at Carter one of the finest.

Miss Edith Winston and Mr. Charles Hoffman instruct Carterites in the knowledge of choral music and band and orchestra music, respectively. Miss Winston's chorus classes are usually slaving away on some large-scale program to entertain the student body. Mr. Hoffman directs the band at football games, programs, and parades; often the stage band is called upon by outside organizations to furnish an evening of music.

JOURNALISM

"Hard work and late hours
Are the journalists' fate,
For these alone are what
Keeps the paper from being late."

Skills such as creative writing, copyreading and typing are necessary for the success of a high school news reporter. At Carter Mr. Randall R. Seely trains "future best-seller authors" by sponsoring CHS's bi-weekly tabloid, *The Eagle Record*, and during this "training period" students learn the fine points of the aforementioned skills.

Mr. Seely's grin seems to imply that either Gay Schuchard has told him a funny, or Chardean Newell is definitely making too many errors in typing. However, Mr. Seely somehow manages to remain happy even when press day rolls around.

PHYSICAL EDUCATION

"When viewing the excitable antics
Of Carterites on field or in gym,
No one can resist voicing, tho sometimes in panics,
'Cest la guerre' or 'Vive, la femme'!"

Coaches Truett Cooper, Pierce Scott, Grover Pearson, L. H. Dixon and Lon Goldstein, left, see that no young man is deprived of the privileges of participating in athletics. These five strive to help all boys improve themselves physically.

Mrs. Tommie Tilford and Mrs. Frances Matthews, below, instruct such PE activities as volleyball, basketball, tennis, folk dances, health and good grooming. Physical education is a favorite of most lassies, and these two "gals" are partly to blame.

ROTC

"A good motion picture on warfare,
The crack of a carefully aimed rifle,
The study of tactics and technique,
Show that R.O.T.C.'s no trifle."

Ray H. Erdman, right, with James Goodwin, and Benjamin J. Knight, both United States Army Sergeants, direct Carter's R.O.T.C. They use films, manuals, lectures and experiences to teach teenage military men the fundamentals of Army procedures. Company rivalry, target practice, commendations, rifle teams, and a drill platoon are special features of the Reserve Officers Training Corps.

"Making certain that Carterites
Have well-balanced meals at school
Is our cafeteria's Mrs. Casey
Who abides by every dietary rule."

Mrs. Frankie Casey is Carter's dietitian who sees to it that we have tasty dishes all through the school year. It's a big job, but one well done.

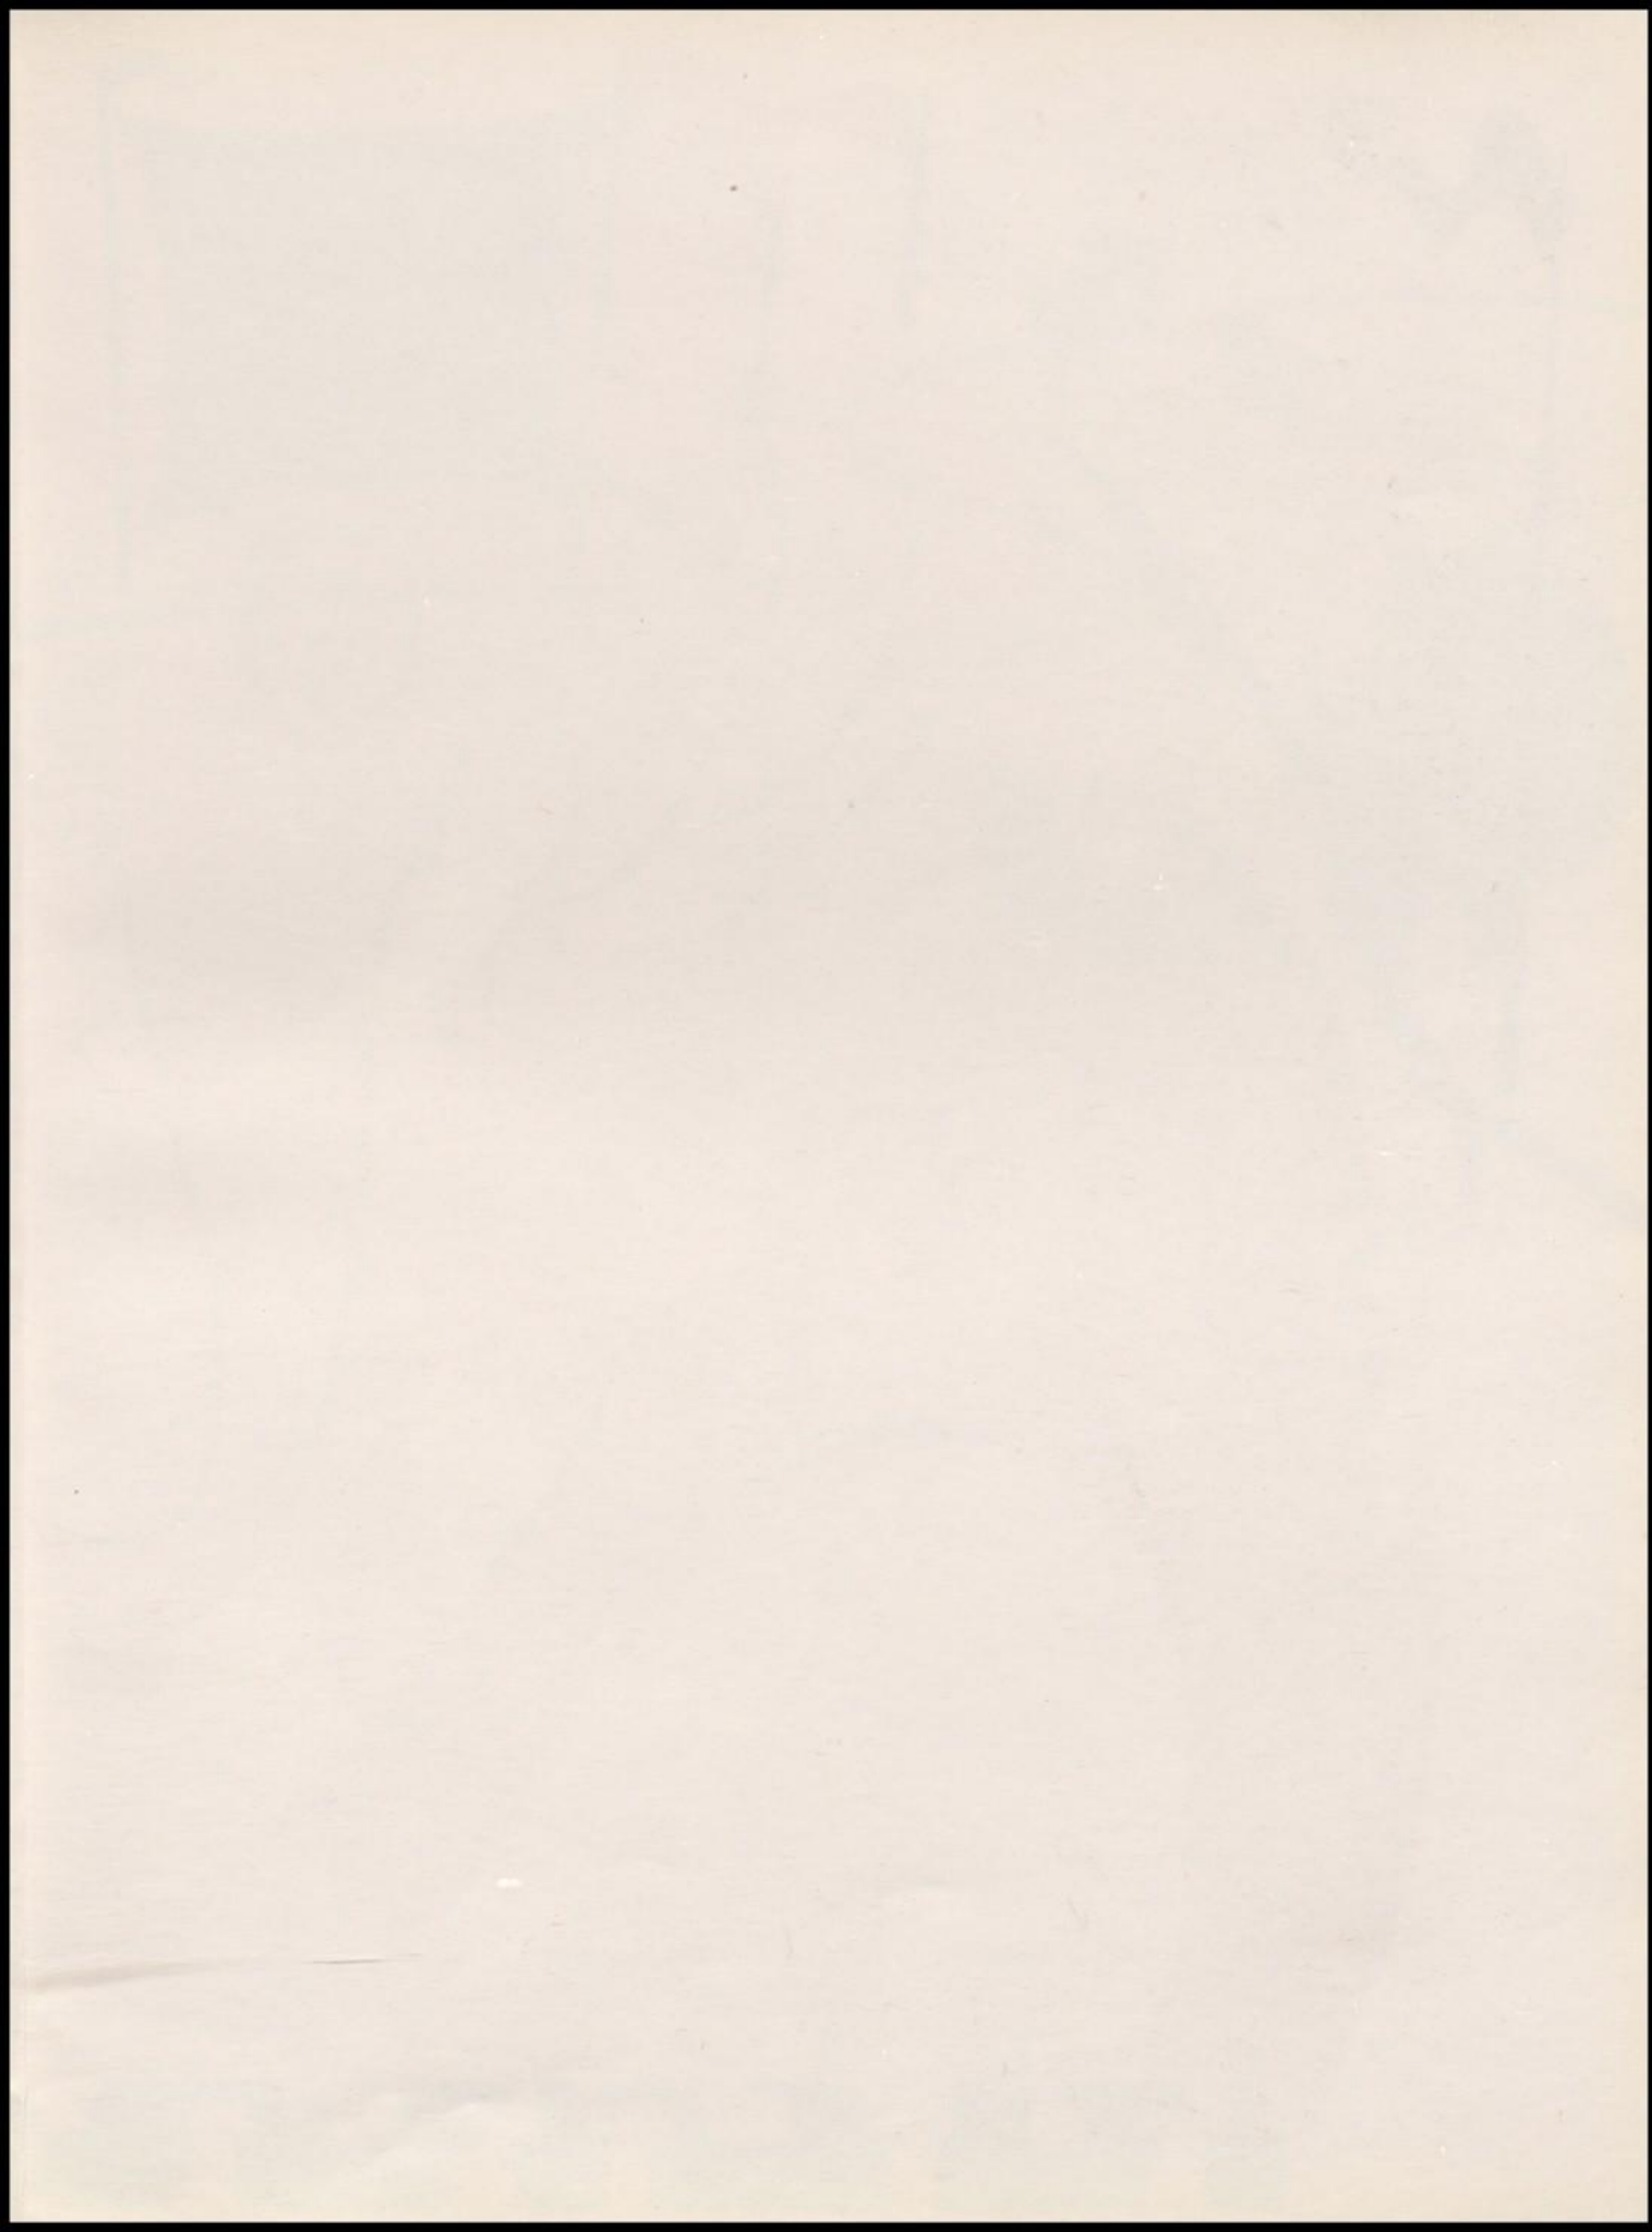

"Stick out that tongue! Say, 'Ah'.
Don't yell, it won't hurt"—
Are familiar quotes said by that one
Who for all our health has concern."

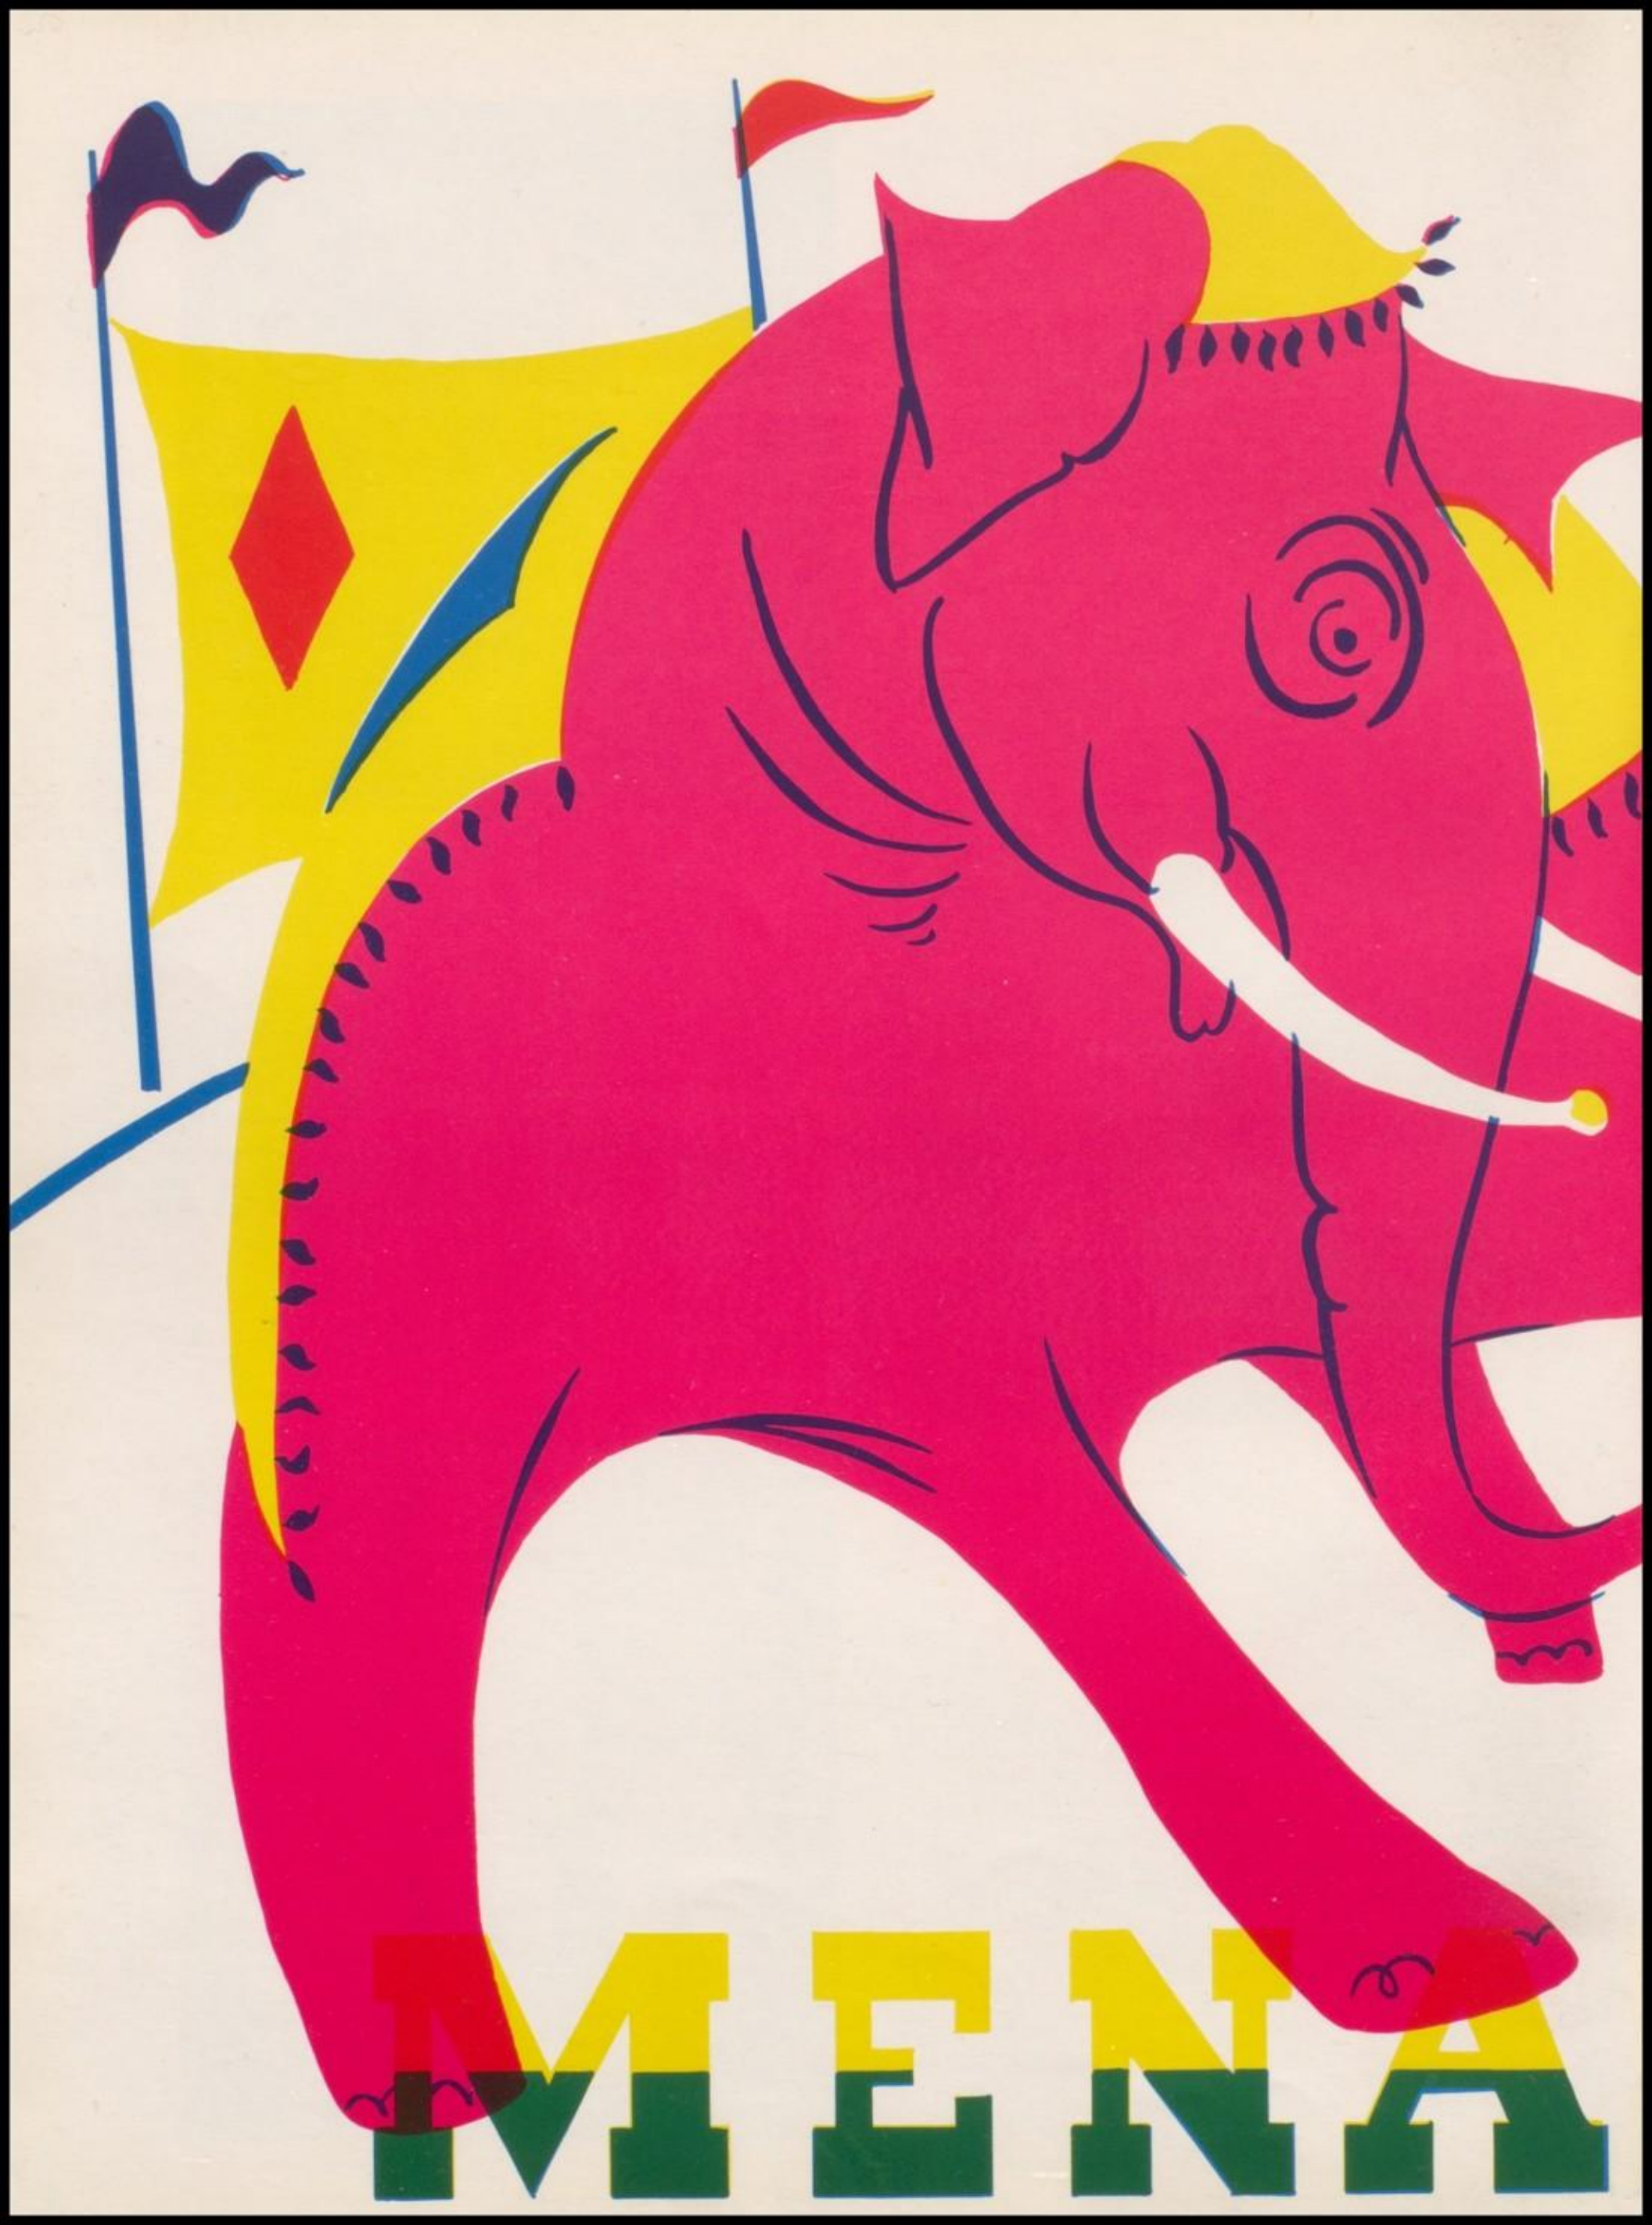

Keeping tab on school illnesses is Mrs. Lillian Layton, Carter's nurse. If it's a cut finger or a stomach ache, she knows what to do.

"Cleaners and polish
Are marks of the men who muster
Mops, brooms, and dusters
The CHS dust to abolish."

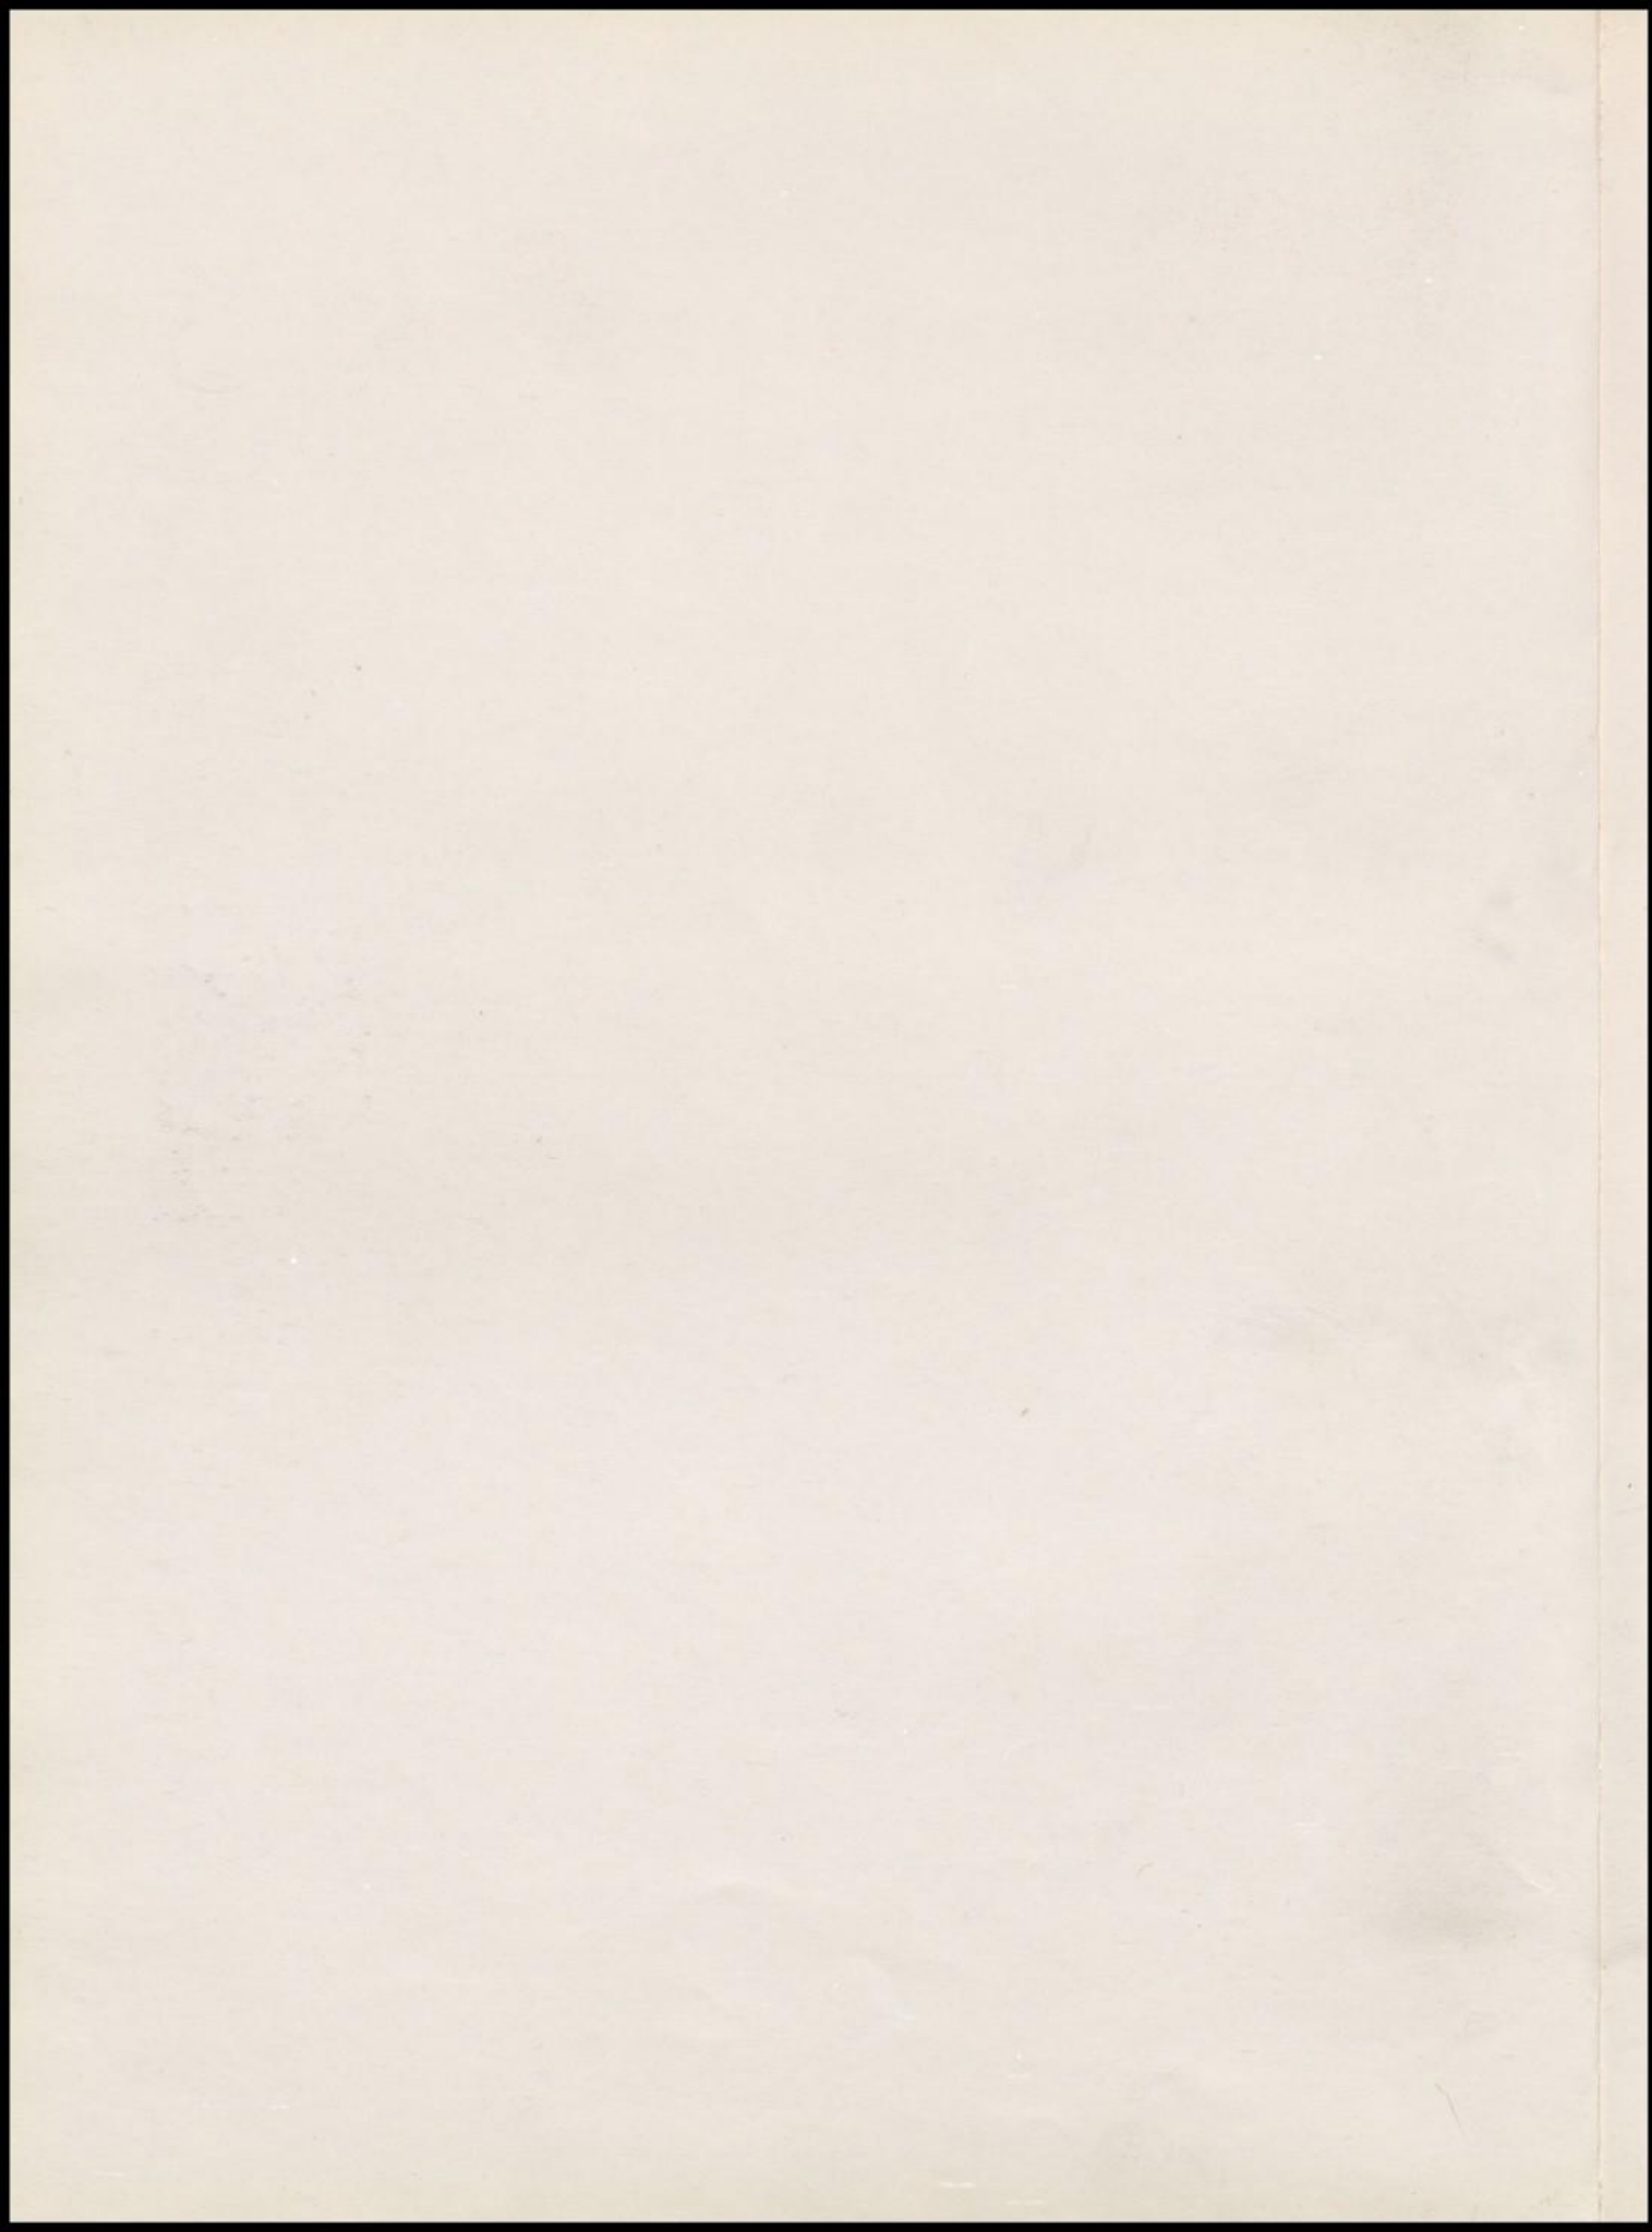

Mr. Cecil Falls, Mr. Robert Stateham and Mr. Harold Lockhart are our able custodians. They keep our building spic and span, but they hope you do your part, too.

NATIONAL HONOR SOCIETY

Carter students, who burn the midnight oil studying in order to make honor roll grades, receive the privilege of getting to school at eight o'clock in the morning for N. H. S. meetings: These studious beings were inducted either in an informal ceremony last fall or a formal one April 18. Those inducted last year or last fall enjoyed a Christmas party Dec. 20. If you would like to "get amongst them" you only have to have honor roll grades for four six weeks and have high ratings in character, leadership, and service.

ALLIED YOUTH

For the Allied Youth Club the popular ditty, "We're on the Drunk Tonight," is a definite misfit. This group's purpose is to study the harmful and damaging effects of alcohol and let the youth of America know about it. A sincere desire to learn the truth about alcohol and to work out an answer to the problem of social drinking is the club's chief aim.

A program committee was appointed this year, and movies, news reports, lectures and refreshments were featured.

This organization is a national body, having its own news magazine. Carter-Riverside's Post is Number 538.

Leadership and Citizenship! These are the primary aims of the Distributive Education Club. And the club strives to accomplish them by creating an understanding and appreciation of the importance of distribution in our daily lives.

COUNCILUM AQUILARUM

Nomen sod alitates nostris Concilium Aquilorum est. Pueri et puellae quie studebant Latinam vel nunc studunt componunt. In sodalito noscimus pretuim as Latinam perpendam et usus in novo mundo. In sodalitia nos negotium et voluptatum ut habeamus bonum tempus coalescimus.

The name of our club is the Council of Eagles. It is composed of boys and girls who have studied Latin or are now taking Latin. In the club we learn the value of studying Latin and its uses in the modern world. In our club we combine business with pleasure to have a good time.

From the inner depths of Carter's Library pops CHS's Library Club, under the leadership of Mrs. Alma Enis. Girls and boys who serve as library assistants and other students who are interested in the pleasures of reading compose the membership of this organization.

Carter's Club is a member of TALA, Teen Age Library Association; therefore, the local branch of "bookworms" sends delegates to the district and state meetings each year. Many new and interesting ideas are gained from these gatherings.

Through the Library Club, students at CHS have an opportunity to learn more about the library, so that it may further help them. Seeking the pleasures and adventures of reading also is an outgrowth of this group's activities.

MUSIC APPRECIATION

Beethoven or bop? Grand opera or musical comedy? The Music Appreciation Club met to answer these questions and to give its members a greater appreciation of the kind of music they would not otherwise enjoy. This club studied the music and story of operas and symphonies, the lives of several composers, and various instrumental numbers composed for the piano and violin. Another project was to hear some of the great artists who have mastered both music and instrument.

CHEERLEADERS

Vibrating vocal cords give off sounds of "yea team, fight!" as CHS's Cheerleader Club assembles each Tuesday club day to familiarize themselves with new yells, boost the spirit of our Alma Mater, and vocalize popular school ditties. These energetic Eagles band together at pep rallies, ball games, and at all school functions which breed school spirit.

Led along the pathways of loyalty by Joe Pat Strain, this popular organization produces next year's Cheerleaders, catchy new yells, and smart sayings n' songs.

Carter's Lettermen's Club, headed by coaches L. H. Dixon and Lon Goldstein, was organized so that the athletes could become better acquainted. Each year the boys look forward to the initiation of new members in the fall. A trip to Lake Whitney, accompanied by the coaches and the fathers of the members was the highlight of the club's spring activities.

BAND

1956-57 saw the largest and most active Carter Band in more than four years. This enthusiastic group provided music for all pep rallies, the football games, including the Longview trip, P.T.A. meetings, and their Spring Variety Show. In March several members took part in the Solo and Ensemble Day at T.C.U.

Within the Band was a Stage Band specializing in popular and swing music. This band participated in other entertainment programs throughout the year.

CHORUS

"Sing! Sing! Sing! Sing! Everybody likes to Sing!" Or so it is in Miss Winston's Chorus. This talented group can always be counted on to do a bang-up job for anything they undertake. Beside giving programs for the school and P.T.A., the Chorus presented a hit show in the fall—a two-act operetta entitled *On Top of Old Smoky*.

Other special musical activities were the Christmas and Easter programs, the T.W.C. Choral Clinic, and Commencement and Baccalaureate.

The Photography Club learned how to take pictures with box cameras, poloroid cameras, and regular cameras in their meetings. Other sessions had programs on film developing, movies by various members, and discussion for taking pictures during the holiday season.

In the spring a party was given for members.

Y-TEENS

Y-Teen Club is a branch of the national service organization sponsored by the Young Women's Christian Association. The desire to help others through service projects is its principal aim. This year the Carter Y-Teens furnished party favors and Christmas card books to the Cook Children's Hospital, sponsored a talent show for the Old Folks' Home, and organized a fund-raising teacher-student basketball game.

FUTURE TEACHERS ASSOCIATION

Want to be a teacher? Then the Future Teachers Association is for you. A local, state, and national organization, the FTA meets to discuss the problems of the teachers and for recreation. This year the club went to the State Convention at Denton in the spring, donated to the Good Fellows, and raised money for a scholarship which is offered to future teachers by the Fort Worth Teachers' Association.

Carter's Red Cross organization, under the able assistance of Mrs. Georgia Willis, is one whose purpose is to help others who are less fortunate than us. Each year in the fall the members sponsor a drive to raise money for the club's numerous projects, and in the spring a talent show is given to increase their funds. This year three gift chests were prepared for overseas sending. Another project of the group is Christmas caroling at the homes of shut-ins of the community.

TRAFFIC SAFETY COUNCIL

Safer teen-age drivers is the main objective of Carter's Traffic Safety Council. Throughout the school year the council, more commonly referred to as Safe-teens, sponsors safety campaigns and projects which have to do with better driving.

The highlight of the club's activities this year was the annual driving roadeo. Sixteen members of the club, under the supervision of Mr. Larry Graff of the Fort Worth Safety Council and Mrs. Georgia Willis, faculty sponsor, drove through an obstacle course to determine the most skillful driver. Seniors Bowen, Weems, Marshall Smith, and John Roach took top honors and received beautiful trophies at the conclusion of the event.

Publishing a bi-monthly newspaper is the main function of Carter's EAGLE RECORD staff. These journalism students learn the principles of make-up, copyreading, creative writing, and style. Such skills enable them to present to the student body a First Class-Rating paper.

Marshall Smith, fall editor-in-chief, and Charldean Newell and Pat Partin, assistant editors, had the job of seeing all pages were completed and all stories made their deadlines. Judy Maurice took over the editorship in the spring.

Other workers on the staff were the page editors and the reporters. Page one was edited by Pat Partin; page two, Charldean Newell; page three, Gay Schuchard with her "Carter's Little Pills"; page four, sports editor, Jim Powell; Cecelia Dudley and Wanda Beason, exchange editors. Reporters were all Journalism I students who took over some of these duties at Mid-term.

THE 1957 EAGLE

This year found a busy annual staff in Room 315 at first period. They soon discovered that there was much more to publishing an annual than they had thought.

There was some careful planning in design, layout, and photography, then some hard work in getting the pictures taken, pasting them up and writing copy. Johnny Simons and Billie Williams interested everyone with their creative art work. Beverly Murray, Cecelia Dudley, Harold Landers and Eddie Norman did the sometimes hair pulling job of getting pictures made. Suzette Hawkins had a job talking faculty into not having their pictures remade. Shirley Wilkinson had the headache of writing up senior picture orders and checking financial matters.

Everyone had a job, however, and when the book was finished the staff sighed with a sense of satisfaction and awaited the student reaction to their work.

Belonging to the Cub Reporters is the first step in becoming a full fledged EAGLE RECORD staff member. The club members are initiated into journalistic procedures, gather news, and help the regular staff sell papers. Their major project this year was the publication of the student directory and hand book. Mr. Randall Seely, journalism teacher, sponsors the group.

RESERVE OFFICER TRAINING CORPS

In this decade, it is evident that all able-bodied young men will have to serve their nation in the cause of defense. Although the United States does not like war, there are countries which exist only by force and intimidation. This is the reason we must be continually on guard.

The Garter Reserve Officers Training Corps helps to train students for future possible military service. It provides a better understanding of military tactics as well as the fundamentals of leadership, drill, exercise and command. The Corps also helps to train men to take orders as well as give them.

The Color Guard, left, was composed of Scott, Hedden, Henry and Mayo.

An Officers' Club, composed of the officers and sponsors of all the high schools in the city was organized, and two Carterites were elected as officers of the group. Mrs. Lida Carrico, faculty sponsor, and the student sponsors conducted a hayride for the Corps in November and a Christmas Open House. Also in December

Putting zip and zing into pep rallies and games this year were these '57 Carter Cheerleaders. They got off to a flying start by attending a cheerleader school at S.M.U. during the summer, then led an enthusiastic student body through a successful football and basketball season. Their skits and stunts proved to be as entertaining as they were 'pep-arousing'.

Football managers Kaseberg, Connally, and Sinclair collect and put up equipment after a football practice.

Probably the most popular sport at Carter or any other school is football and this year was no exception. With a wealth of experience and talent, Coach Dixon led the Eagles to one of their most successful seasons — the best season record for any Fort Worth school and second in 4A-4 Conference play. Only two losses marred the record, one to a strong Amarillo team and the other in conference play to the Paschal Panthers. The proof of the Eagle's fine team was the selection of seven players on the all-city team of the Fort Worth Star-Telegram and Press. Dugan Milligan earned the nomination for Lineman of the Year and Maurice Woodworth, Defensive Back of the Year from the Star-Telegram while Pete Hill received a similar nomination from the Press.

Coaches Dixon and Goldstein oversee an afternoon calisthenic session before the really hard practice begins.

Pete Hill runs through the Poly defense for a good gain.

The well-balanced Eagles opened the season trouncing Grand Prairie 27-6. Led by Larry Terrell, the Eagles scored once in the first quarter, twice in the second, and once in the third. Grand Prairie's lone touchdown came in the third quarter on a 17-yard run.

B TEAM FOOTBALL

The '56 Carter B Football Team fought their way to a 6-2 season and won second place in the District. In non-conference play, the Eagles easily beat Grand Prairie and Arlington and lost only to Denton. Under the coaching of Mr. Cooper and Mr. Pearson, the team proved hard to beat in conference play and the Paschal team was the only one to come out with a win over Carter. This group will give excellent material for next year's A squad.

Everyone in Fort Worth goes western during the Stock Show days, and these doings occurred at Carter, Thursday, January 31st—the day before Stock Show holiday.

Western bunny-hop in girl's P.E. Could Ruby Corbell and Mary Porter have forgotten what day it was?

Kidnapping in broad day light! Don't hit her Johnny.

Joe Myers, Julaine and Beverly show little sign of fear from Marshall Smith's 38.

Short, tall, or Berger size. Take your choice.

It must have been hilarious, Gail and Glenda.

Mr. Scott charms Joyce, Kaye, Gay, and Beverly—or so it seems.

Sitting in the grandstand watching all the boys go by.

Over 200 students took the special Am- arillo train trip to see the Eagle-Don game. The fun had by all will be long remem- bered although the game didn't come out as planned. Poker seemed to be the prin- ciple interest while en- route.

The Eagle Band along with Drum Ma- jor Cole and the Ma- jorettes provided good music and interesting half-time activities at all the games. On this chilly night Mr. Hoff- man leads the band members from the stands to positions for a stunt.

Three buses for stu- dents, a band bus, and a football team bus made up the caravan to Longview. Jerry Jack Terrell and Judy Risky attach pep signs to the bus — and the Eagles went on to win the game handily.

Y- teeners initiated their members with demands for all sorts of strange things: no make-up, clothes on backwards, feeding the boys (Donna Arnold and Janie Echols) and even proposals in pub- lic. It was all in fun, however, and no one was the worse off.

After several of the football games, the P.T.A. sponsored in- formal dances in the gym. One such dance is pictured on the right.

A comedy and a drama marked the two Senior play productions this year. The comedy, "In Spring the Sap," was presented in January and the scenes at left are from that play. The drama, "People versus Maxine Lowe," came in May. That's Raymond Perkins and Gail Green as the footballers, and Linda Rucker Fulfer welding the ax.

Sandra Kubitz acts as hostess at the Food's Department Christmas tea. In the clothing room many interesting exhibits were shown.

Christmas also provided an opportunity for the National Honor Society to have a before school party in the library. Members who attended are shown left.

Ending the football season in fine style was the football banquet. Coach Gilstrap from Arlington State made the principle speech, with Tommy Terrill acting as Master of Ceremonies. The coaches gave brief talks and introduced the players who in turn presented them with gifts. Entertainment was provided by songsters Jerry Fuller and Johnny Simons with Jim Powell accompanying them, and the Cheerleaders.

More initiations took place in the Latin Club echelons and bare feet, Latin togas, and laurel wreaths were much in evidence. One of the Y-teen proposals is shown left with Faye Harris taking the spotlight.

The new Eagle Field House.

Junior girls find something on that stage mighty interesting.

Dunnivan, Travland, Fisher and Dooley say welcome at the R. O. T. C. Christmas party.
